Delivering to the Nation

### Standard Accessories

- 2 Chisel
- 2 Hydraulic Hose
- 1 N2 Gas Bottle
- Tool Box Kit

### Genuine SSI Breaker Spare Parts

SSI Genuine Parts Delivered Perfect Performance of SSI Breakers

### WARRANTY & GUARANTY :

- 1) One year warrenty for crack of control valve, back head, front head and cylinder.
- 2) 3 months warrenty for scrach of control valve, cylinder.
- 3) 3 months for the seals kit, through bolt, inner bush, front cover.
- 4) 6 months for the bracket.

Since 2004

- Following Korean Technology & Standard.
- High quality material to ensure reliability and durability of breakers.
- An ISO 9001:2000 Certified Company

## Machining

Raw Materials

- Preliminary process for major components such as: Piston, Crankshaft, Camshaft and etc.
- Automatic computerized system, allowing standardized tolerance and accuracy.
- Process:
  - Turning and hole machining through turning for raw materials.
  - Deep hole drilling, BTA (Bore) drill, reamer for product valve, through hole, oil passage and etc.
  - Bore & internal drilling and cutting for hole of raw part through high cut and etc.
  - CNC turning center / lathe machine for small part, adjustment, internal part and etc.
  - Grinding & reaming, Deburring and straightening process.

## Heat Treatment

Own Know-how and Facilities

- More than 20 years of experience.
- Equipped with latest furnace for heat treatment and oil quenching facility for steel body of engine part and its well equipped facility & equipment for heat treatment.

## Final-Machining

Finishing

- Final process of component with good fine standard tolerance for piston and cylinder with fine accuracy such as dimensional tolerance, surface roughness and etc.
- Automatic straight drill for honing hole, accepts constant temperature 22°C at the lines to enhance the reliability of measured value.

## Test Rigs

Lot test

- In 2007, SSI has ISO 9001:2000 certification with the help of TÜV SÜD, Germany.
- Quality management system (QMS) implemented in all process of production.

## Housing Assembly

- The most modern and advanced machinery and housing with all capability to produce 1000000 pcs/year.

Delivering to the Nation
